

# ORAL SURGEON REFERRAL

Thank you for visiting Appletree Dental at Eastlake. We appreciate the opportunity to care for your dental needs.

Your dentist has noticed some things about your teeth that concern her. She would like you to receive the highest level of care and has referred you to an oral surgeon. An oral surgeon is a dentist that specializes in extractions and dental implant placement. The offices listed below are the offices that we recommend; however, you may see any oral surgeon you choose.

Please be aware that some offices may not be preferred providers of your insurance. However, our main concern is that you receive the treatment you need. You may check with these offices for specific financial arrangements.
